ELECTION, TUESDAY, APRIL 7.

The Dred Scott Case.

The opinion of the Supreme Court of the United States, in this long pending case, was delivered at Washington yesterday. A sketch of the main points decided will be found in the telegraph column. The decision, it will be seen, fully sustains the peculiar views and doctrines of the ultra pro-Slavery party. It will have a startling effect upon the People of the Free States.

Later from Europe.

The *Persia*, with three days' later dates from Europe, arrived at New York yesterday. The intelligence is of more than usual interest.—Breadstuffs were dull and drooping; Consols lower and business fair. A struggle was about to come off in Parliament, between the Ministry and the opposition. A dreadful Colliery explosion had occurred in Yorkshire, involving the loss of 150 lives.

The Persian quarrel has broken out afresh; Russia is again pushing her armies into Circassia; and there is a report that Canton had been destroyed by the British.

Among the passengers by the *Persia* is the new British Minister to the U. S., Lord NAPIER.

The Cabinet.

The President yesterday nominated and the Senate confirmed the following gentlemen as the new Cabinet:

Sec'y of State—LEWIS CASS, of Michigan.
Sec'y of Treasury—HOWELL COBB, of Georgia.
Sec'y of War—JOHN B. FLOYD, of Virginia.
Sec'y of Navy—ISAAC TOUCEY, of Conn.
Sec'y of Interior—JACOB THOMPSON, of Miss.
Att'y General—Judge BLACK, of Penn.
P. M. General—A. V. BROWN, of Tenn.

This list differs in one name only from that published in the *Sentinel* a fortnight ago, Judge BLACK being the Cabinet member from Pennsylvania, instead of J. GLANCY JONES, as at first reported. While it cannot be questioned that the new President is a decided improvement on his immediate predecessor, it must be confessed that the retiring Cabinet is a much abler one than the incoming. The change in the State and Treasury Departments is especially to be regretted.

THE JANSSEN RELIEF BILL.—We are glad to see that the Senate yesterday, by a vote of 15 to 10, finally rejected the bill for the relief fo Mr. JANSSEN, late State Treasurer, and his sureties. We only marvel that it found favor in the eyes of the Assembly.

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON, March 5.

As the session draws near to a close, I have little room or time for comments, and must necessarily confine myself to notes upon the action of the two Houses relative to the more important bills.

The Senate last night passed many bills; among them I note the following:

Amending chapter 10 R. S.—(providing that no Sheriff, Clerk of Circuit Court, or of Supervisors shall be Treasurer.)

Changing the winter term of Supreme Court to the Tuesday before the second Wednesday of January. (This has passed both Houses.)

Extending time for paying School Fund to 9th of March. (Also passed both Houses.)

Charters of Fond du Lac and Waukesha,—Berlin, Wolf River and Waukochcon—Manitowoc and Fond du Lac—and New Lisbon and Oshkosh R. R. Co's.

Punishing Larceny of money, bank bills, notes, deeds, &c.

Authorizing Chicago, St. Paul & Fond du Lac R. R. to re-locate from Watertown to Fond du Lac.

General Rail Road consolidation law. (Has passed both Houses.)

Granting Railroads the right of way for 100 ft. through State Lands. (Under this was covered a permission to take *any* lands *gratis* which they may fancy, under the plea of wanting them for depot grounds. The bill, after it had passed both Houses was recalled in the Senate and amended, and is pending.)

This morning, the Senate, after an earnest speech by Mr. Hanchett, killed the bill for removal of Portage County seat, by a vote of 20 to 6, and passed a number of others, among which I note the following:

To pay E. Stangeland $384. (This is a balance for services claimed as Emigrant agent at Quebec under Fred. Horn. The claim was larger, I believe.

Concerning delinquent fines and penalties. (Authorizes the Governor to remove officers who do not pay over the funds in their hands.)

Charters of Fox River & New London, and Howard and Green Bay Rail Roads.

Authorizing the Joint Committee of Investigation to sit beyond the session to examine charges against Superintendent Barry.

The Waukesha bill—repealing the law passed last winter by the democratic majority, to answer certain purposes in that village, and which has excited a good deal of debate, was ordered engrossed.

In Assembly last night, the street jury bill was ordered engrossed. An amendment was first attached to it which provides that such persons as desire to do so, *may* become parties to the appeal, and also that the jury in the appeal case may inquire into the necessity of the proposed "improvement."

The Committee of claims, this morning reported a bill to pay the Appletons the balance of their bill for books, and recommended the Investigating Committee to try and ascertain what became of the money drawn by Ex-Gov. Barstow for that purpose.

A resolution was introduced by Mr. Mills, calling on the Judiciary Committee to report the items of the bill of $9,000 paid to Governor Bashford, in order that, in justice to him, they might be entered upon the journal. The ayes and noes had to be called upon this simple act of justice, and every democrat but three, Messrs. Conkey, Conklin and Moses M. Strong, recorded themselves in favor of laying the resolution on the table! The resolution was adopted.

The bill for the establishment of a State Normal School, underwent a long discussion, in the course of which Mr. Enos, of Waukesha, made an able speech in its favor. The contest is between this bill and the Literature Fund Bill from the Senate, and the friends of each are sanguine. Both bills were finally referred to a select Committee.

The bill authorizing all persons who have made improvements to the amount of $10 on a 40 acre tract of the Swamp Lands, to enter them at $1,25 per acre, came back from Senate with an amendment cutting down the minimum price of all the lands from $2,50 to $1,25—and the Assembly *concurred*—and so goes perhaps a million which might have been saved for the School Fund. But the policy of throwing the lands into market for a scramble seems to be too well settled to be broken through now. It is bad—but complaints are useless.

A bill passed the Assembly making about a dozen amendments, correcting misprints in the Code.

The Senate passed a long list of appropriation bills in the afternoon—together with some others, among which those "changing the fiscal year of the state" and "concerning insurance companies"—compelling all such companies to make reports to the Secretary of State—were the only important ones.

The Assembly took up in the afternoon and passed, by a vote of 60 to 8, the Senate Bill for a Lunatic Asylum. It provides for a building to cost not more than $100,000, and appropriates $35,000 for this year.

The Assembly went into Committee on the Assessment Bill, and spent the afternoon upon it, and continues the work this evening. I have now some confidence that this very important bill will soon become a law. It has been very carefully digested by the Joint Committee.

THE SHAM DEMOCRATIC JUDICIAL CONVENTION.—This bogus body, which nominated M. M. COTHREN, of Mineral Point, as a candidate for Chief Justice against Judge WHITON, was called together—according to the Madison *Patriot*, a democratic organ—mainly for the purpose of endorsing the Legislative caucus recommendations for Federal appointments in this State. The *Patriot* says:

It is a noticeable fact, that one of the objects of the Central Committee in calling the State Convention on yesterday, was for the purpose of getting up supplemental propping to the star-chamber edict of the Legislature, but the resolution to endorse the action of the caucus failed!! And this too, notwithstanding the Convention took in a good share of the Democratic members of the Legislature! This fact is significant; but not so much so, as would be the action of a Convention sent up from the rank and file of the party, from every section of the State.

The News by the Atlantic.

The following is that part of the telegraph report of the *Atlantic's* news, which failed to reach us, Tuesday, by reason of a break in the wires between this city and Chicago:

FRANCE—On the 16th the Emperor opened the legislature with a speech from the throne, amid great pomp and enthusiasm. The Emperor referred to the peaceable solution of recent difficulties amongst the various European powers and, considering that the best understanding prevails between all the great powers thinks the time auspicious to endeavor seriously to regulate and develop the strength and riches of the nation at home; rejoices over the prosperous condition of the country as evinced by the largely increasing revenues; regrets the suffering caused by the deficient crops and recent inundation. Says expenses are to be reduced, and the war tax abolished. From January next the annual army contingent is fixed at 100,000 men; says a proposition is made for a trans-Atlantic line of steamers, and after referring to sundry local topics winds up with a panegyric on the state of the Empire.

The Italian affairs are in the same unsatisfactory condition.

The agent sent by Government to offer political prisoners exile in South America, reports that nearly all had refused.

CONSTANTINOPLE, Feb. 6.—Fresh dispatches from Teheran, recommend Ferouk Kahan to make peace with England.

The British reinforcements had arrived in the Persian Gulf, and an English corps *d'armee* had arrived in Cabul, and was marching with the troops of Dost Mahommed on Herat.

The Russians are concentrating on the banks of the Caspian. A partial amnesty to political offenders, has been granted at Parma. Great distress, bordering on famine, has prevailed throughout Finland.

WINTER ON LAKE SUPERIOR.—The Lake Superior *Miner* of the 21st of February copies accounts from different exchanges, of the extreme severity of the winter in the Eastern, Middle and Western States, and adds:

These accounts beat any Lake Superior specimens which we have to offer. A self-registering thermometer at Dr. Walbank's office, showed that, during the night some weeks ago, the mercury had got down to 35° below. But we have no account of its having been otherwise observed below minus 30°. Storms we have had for a great length of time, with occasional short intervals of calm; and drifts have made unusual obstruction in our roads, but there have been no drifts, on level ground, ten feet deep. In deep excavations and below precipitous bluffs it has been quite heavy in places. No deaths have resulted from freezing.

The *Miner* says that "the deep blue waters of Lake Superior have never before, at this time of the year, been seen so near the shore, and it is a very favorable sign for an early opening of navigation."

ACCIDENT TO JOHN WHITE.—The Washington correspondent of the N. Y. *Express*, writing under date of February 28th, gives the following particulars of an accident to our fellow-townsman, JOHN WHITE, collector of the port:

An accident which may prove serious yet, occurred to two distinguished gentlemen, when on their way home from the President's levee. As Judge Corkery, of Iowa, and Col. White, of Milwaukee, were crossing the street, a horse which had broken away from some carriage, bringing the shafts along with him, ran violently against them, so that they had to be raised up and carried to their Hotels. The friends of these gentlemen mustered strong in a brief time, and every attention was given that could be paid. Physicians decided no bones broken, and the latest news from there, about midnight, was a full room of sympathizing members, convulsed with laughter at Judge Corkery's jokes and bon-mots—uttered, however from his bed, where he may have to remain for some days.

THE NORTHWEST.—We clip the following from Horace Greeley's last letter from the West, in the *Tribune*:

The North-west was never filling up and improving so rapidly as at this moment. *I estimate that half the increase of population throughout the Union within the next ten years will inure to the States and Territories north-west of Indiana.* Were the Public Lands inalienable except to actual settlers in limited quantities, the increase would be still greater.

But the number of inhabitants in one of these new Western communities does not fully exhibit their relative strength and power. The inhabitants of these new States and Territories are nearly all in the prime of life. You rarely meet here a woman past fifty years of age; still more rarely an old man; and a large portion of the pioneers are too young to have had many children. In a village hotel crowded with moneyed boarders—the merchants, bankers, and chief mechanics of the place—two-thirds of them will often be found between twenty three and thirty years of age—their wives, of course, still younger. *Illinois, Wisconsin, Iowa, and Minnesota must to-day have an aggregate population of at least two and a half millions, who are equal in industrial capacity to an aggregate of four millions in Europe or New England.*

ILLNESS OF W. B. DRAPER.—We regret to learn that W. B. DRAPER, long connected with our Wisconsin Telegraph lines, and attached to the Japan Expedition as Telegraph operator, was struck with paralysis, at Washington, on Saturday last, and now lies speechless and helpless.

A NEW ADVERTISING EXPEDIENT.—The N. Y. *Mirror*, of the 2d instant, says that the proprietors of "Wood's and Christy's MINSTRELS" are getting up 10,000 colored kites as a present to the juveniles, who will exhibit them in a procession and mass meeting in the course of a few days. This is a novel way of getting up notoriety; and is a much more pleasant and profitable system of "kiting," than that practised in Wall st.

SHOCKING ACCIDENT.—A young man named THOMAS F. COLLADGE lost his life by a Railroad accident at Rochester, N. Y., on Friday last. He accompanied some friend to the depot of the Central Road. He stopped on the platform to ride a short distance, and after riding a space in attempting to jump off fell, and the cars passed over his head killing him almost instantly.

COLUMBUS—THE RAILROAD.—The Milwaukee and Watertown Railroad extension has nearly reached Columbus. The *Journal* of the 4th inst. says:

We learn that the track of the Watertown and Columbus Railroad is now in running order to Lowell Station, and we presume the whistle can be heard in a favorable day for hearing distant sounds. We hope now soon to be able to announce to our readers and the rest of mankind that the iron horse has made his appearance in Columbus.

☞ We are sorry to announce the death of Warwick M. Torbert, one of our oldest citizens. His decease took place on Saturday evening.—Mr. T. formerly represented this assembly district in our Legislature. He was a person of unobtrusive manners and a kindly disposition. The grave has closed over his actions, and we hope his many good qualities will linger in the memory of his fellow townsmen.—*North Star*, (*Hudson*) Feb. 28.

THE FEDERAL OFFICES.

Distribution of the "Loaves and Fishes."

In the U. S. Senate, on Saturday last, pending the debate on one of the appropriation bills, the following discussion took place relative to the forthcoming distribution of the Government "loaves and fishes":

Mr. Brown offered an amendment apportioning the clerks of the various departments of the Government according to the Federal ratio of representation. He said that these places were now given out to pets and favorites. He had become tired of these things. If places were worth having, they are worth distributing among the states which pay the salaries. He did not propose to turn out the present clerks, but to adopt a rule for future observance. Virginia has now five times as many clerks as the other states.

Mr. Mason repudiated this idea of rotation in office, which means office is "property" and to be enjoyed during the tenure of an administration. As to Virginia having twice as many clerks as the other states, he had never made an inquiry on that subject. Many of the officers are ministerial and menial, and are a trust for common benefit, and are not to be parcelled out among mere partizans. It was monstrous.

Mr. Brown replied that in selecting the President, heads of departments and foreign ministers this rule was observed.—Virginia has had enough already. He had none of the "highfalutin" notions of the Senator from Virginia.

Mr. Mason said he had never intimated a desire to any President that a man should be taken from Virginia to fill a responsible office, and he should think the President had descended from his high position if he should inquire whether an appointment would be agreeable to his state.

Mr. Brown remarked that he did hear that Virginia now claimed a Cabinet member. She had more than her share of the good things.—(Laughter.) Mississippi has not been so fortunate, and should have just proportion.

Mr. Bigler had failed to discover any well founded reason in principle for this proposition. The idea of equal distribution of the Government patronage would not be carried out by the amendment, for clerkships elsewhere are as valuable as at Washington. Clerkships in custom-houses in large cities ought to be distributed, as well as those here, in order for equality. This thing was utterly impracticable and wrong in principle.

Mr. Pugh favored the amendment. He did not wonder that Mr. Bigler was opposed to it, as his state was gorged to the throat with an undue share of officers. (Laughter.) The question was, should the Government patronage be divided fairly or unfairly.

Mr. Iverson said that Mr. Mason objected to this proposition because Virginia has a large proportion of patronage, and Mr. Bigler opposed it because, if Pennsylvania had not already her full share, she expects to have during the next four years, when it is expected Pennsylvania counsels will prevail, and the scramblers be taken care of. Pass the amendment, and five hundred applications would be filed from every state the day after the inauguration.

Mr. Seward was inclined to favor the amendment, because New York was entitled to one-eighth of all the inferior officers of Government. He knew the people of that state had the ability, and, he might add, the willingness and courage to assume the responsibility. [Laughter.] He thought, however, it would be derogatory to his state to be shamined off with mere clerkships. She certainly is entitled to Cabinet offices, and failing in this the deficiency should be made up in foreign missions. [Laughter.] As yet, of all the candidates hovering about here waiting for the auspicious star of the inauguration, he had seen none whose head is surrounded with the halo of a foreign mission. [Laughter.]

Mr. Pugh—Does the Senator say there are no candidates from New York?

Mr. Seward—I said whose head is surrounded with a halo [Laughter.]

Mr. Pugh—The Senator is different from anybody else if he has not seen them.

Mr. Seward—It is because the candidates are hopeless that I want to convert them into hopeful candidates.

Mr. Wilson thought Mr. Brown's proposition a joke [laughter]: but it was regarded by the Senate as a serious joke, and the citizens of Virginia, Maryland, and the District of Columbia, would think it anything but that [laughter].—He could not vote for the amendment as it stands. How could it be carried out in Vermont?

Mr. Rusk—Are there no Democrats there?

Mr. Wilson—Hardly enough to fill her share of offices. When we Black Republicans come into power in 1861; and as the Senator from Mississippi says, we cannot get a vote in his state—how then?

Mr. Brown—Appoint Democrats.

Mr. Wilson said he would not consider they belonged to a "healthy organization," and mentioned that when he was here on the eve of the Presidential election, in less than forty-eight hours a dozen or fifteen clerks called upon him, saying they sympathized very much with the Republican party, but were obliged to keep very quiet. They thought Col. Fremont would come in, and hoped Mr. Wilson would use his influence for them. [Laughter.]

Mr. Thompson caused much laughter by his humorous remarks. He considered Washington a mere artificial city, where there were more people than there ought to be. It was no wonder that wood had to be given away, shows got up, preaching and everything else to keep the poor from starvation and suffering. He did not care who got the offices. He wanted no Kentuckian to come, for they had no business here.

The amendment was rejected by 19 to 27.

Art Gossip from Rome.

ROME, Jan. 39.

Rome is unusually full this season. The unsettled state of Naples and the promised presence of sundry crowned heads here are the reasons assigned for the extraordinary demands of Padrone, which startle the stranger on his arrival and make him think twice before he decides to spend the winter in the Eternal City. Provisions of all kinds are dear. The cost of living has nearly doubled itself within the last five years, so that those who contemplate an economical sojourn in Italy must be contempt with Florence or Pisa—at least, till the Roman season is past, that is to say until after Easter, when the apartments undergo a sudden depreciation of fifty or sixty per cent. The spoiling process commenced by the English, is receiving its finishing touch at the hands of the Americans. If Englishmen lavish their money like princes, Americans lavish theirs like emperors. "Of all families I have ever served," said a shrewd, intelligent courier, "give me an American for liberal expenditure, a Russian for closeness and meanness." The parsimony of the Russian suite at Nise is the gossip of the place; the Queen Christina, the Queen Mother of Spain, goes altogether on a different tack, and makes her presence here felt, to the inconvenience of residents and visitors, by monopolizing the best boxes at the opera and theatres, the best seats at concerts. Ristori plays her first engagement in Rome since her great success in Paris and London, early in next month, and for a week past the subscription list has been full. So much for the gossip of the day, ere we take our way to the calmer atmosphere of the studios which congregate here in Rome thick and fast—England, America, France, and Germany, contributing even more largely than Italy to swell the ranks of artists.

The coloured Venus in Mr. Gibson's studio is still the subject of much discussion. For the benefit of those who cannot see it, a short description may not be amiss. No man living, perhaps, is so thorough a master of form and proportion as Mr. Gibson, and his Venus is, in these respects, his *chief d'œuvre*. The modelling of the torso and limbs is very fine, and form and sentiment of the back beautiful. Greek art is to Mr. Gibson evidently the alpha and omega of all art. The Greeks colored their statues; why should not the moderns? and so Mr. Gibson took the brush in hand and covered the beautiful, highly wrought marble with a thin pink wash, stained the hair a delicate tow, pencilled the head fillet blue and gold, gilded the apple in the hand, and made the hem of the robe to correspond with the band in the hair. Thus, neither flesh nor marble, statue nor woman, stands the Venus challenging all beholders to accept or reject the innovation.

Near to the Venus is a colored copy of his beautiful Cupid, even more eccentric than the Venus; the flesh a beautiful salmontint, the hair a warmer tow than the Venus, in virtue of verility, perhaps, the eyes fixed and staring, looking over, not at, the butterfly on his breast, the wings tinted in palest hues of rose and blue; while the pedestal on which this masquerading god stands is of a deep tawny yellow, in bad imitation of *giallo antico*. Giving the advantage of coloring marble, one cannot but feel, while looking at these statues, how distinct is the art of the sculptor and the painter: and any eye sensitive in color must experience a sensation of relief in turning to the stately group of the Queen supported by Justice and Clemency, the original of which is just placed in the House of Lords, and to the basso-relief of Cupid and Psyche, than which nothing more chaste and pure in modern art exists. In looking at Mr. Gibson's works, one feels that study and skill can no further go. They speak eloquently of a life devoted to the culture of art, and it would be difficult to find a more devoted disciple and follower of the great master of antiquity.—*London News.*

AN APT REPLY.—"Madam," said a doctor one day to the mother of a sweet healthy babe, "the ladies have deputed me to inquire what you do to have such a happy, uniform good child." The mother mused for a moment over the strangeness of the question and then she replied, simply and beautifully: "Why, God has given me a healthy child *and I let it alone.*"

REVIVALS.—This subject is awaking some discussion among the Methodists. A late writer condemns periodical, or *annual* revivals in the following language:

Having their minister constantly with them, the people soon learn to depend too much upon him, and remit their own exertions, especially in the busy seasons of the year; and hence arises the necessity of a winter campaign, to revive the dormant energies of the church, and seek accessions from the ranks of the world. Then comes the toilsome effort, more or less protracted, with greater or less results; and then the sinking down into the former apathetic state, the straying away of converts, and the general stagnation of spiritual interests; until the kindred efforts of the succeeding winter effect another revolution, to be followed by the same reaction of feeling and revulsion of effort as before. I do not object to revival efforts; I love them. There is not a work on earth in which my heart so delights to engage. But I do most earnestly protest against the sentiment (in effect amounting to belief) of the Church—that banishes the expectation of such scenes from more than half the year, and practically proclaims to the world that the "day of salvation" is in the winter season! To such an extent has this already reached, that in many country places, and perhaps I might say throughout the country generally, I *know* that the world does not expect to be saved except in the fall and winter. And has it come to this? Have we only a winter salvation? No—no—most emphatically, no! Our salvation is a present salvation. And until the Church shall inscribe upon all her door-posts the *constant* invitation, and sustain it by continual effort, we must mourn over backsliding converts and a suspicious world!

The writer of the above quotes with approbation, the following "miraculous" manifestation of the Spirit, and claims that this should be sought for *steadily and constantly.*

Within the space of a few minutes, it was ascertained that not less that five hundred lay prostrate by the power of the Holy Ghost . . . The people were all amazed and confounded; the scoffer was silenced; the blasphemer turned pale and trembled; the infidel stood aghast.—The universal voice of all was:—"Truly this is the mighty power of God, let us adore and tremble before him."—Life and Times of Hedding, pp. 185, 186.

"Many had their countenances changed; their thoughts seemed to trouble them, so that the joints of their loins were loosed, and their knees smote one against another. Great numbers cried aloud in the anguish of their souls.—Several stout men fell as though a cannon had been discharged, and a ball had made its way through their hearts. Some young women were thrown into hysteric fits. The sight and noise of lamentations seemed a little resemblance of what we may imagine will be when the Great Judge pronounces the tremendous sentence of "Go ye cursed into everlasting fire."

"But the great meeting at Caneridge exceeded all. The number that fell at this meeting was reckoned at about three thousand, among whom were several Presbyterian ministers, who, according to their own confessions, had hitherto possessed only a speculative knowledge of religion."—Bangs' History of the M. E. Church, p. 108.—*Gospel Messenger.*

THE NEW ARCHBISHOP OF PARIS.—The archiepiscopal see of Paris, vacant by the assassination of the late metropolitan, has been given to the Cardinal Archbishop of Tours. His family name is Morlot; he was born at Langres, Dec. 18th, 1795, and appointed Bishop of Orleans in August, 1839. He was nominated Archbishop of Tours in June, 1842, and Cardinal in March, 1853. He is a senator *ex officio*. There was a strong feeling among some of the emperor's advisers that the Archbishop of Paris should not be a Cardinal, on account of the strong relations of confraternity with Rome, which that title implies. The objection, whatever weight may have been attached to it, is, however, overruled. The reason, perhaps, may be that the appointment of Cardinal Morlot is only an initiative for the priest of the Bonaparte family, and in that case it would obviously have been inconvenient to establish a precedent against the ineligibility of a red hat. The appointment is pronounced by the English press a good one, as the cardinal is considered an enlightened and somewhat "liberal" man. We doubt the liberality of any cardinal.—*Christian Advocate.*

The paris *Univers* has given up its original idea, which was to set up the Archbishop as a *martyr* for the New Dogma; and it now takes precisely the opposite ground—that his murder was God's Judgment on him for having once entertained doubts of the Immaculate Conception of the Blessed Virgin!—*Church Journal.*

GEORGIA.—ST. JOHN'S CHURCH, SAVANNAH.—On the evening of the first Sunday after Epiphany, January 11th, 1857, the Rt. Rev. the Bishop of the Diocese, held a confirmation in this church The Rev. John T. Pryse, and the Rector, the Rev. George H. Clark, said Evening Prayer; the Bishop preached, and confirmed thirteen candidate.—*Banner of the Cross.*

OLD HUNDRED.—We had always thought that the tradition, which assigned the authorship of the tune commonly called "Old Hundred," to Luther was unquestioned. It seems however, that such is not the case. A. Mr. Latrobe, in the introduction to a valuable collection of chorals, called the *Moravian Tune Book*, says, "That the so called "Old Hundredth" was really composed by Claude Goudimel, and was probably unknown to Luther, and his immediate comtemporaries, seem how to be generally admitted. Fine as it is, and deservedly a favorite, especially in this country, it will not be less valued by British Protestants when they are informed that the author was one of the victims of Popish persecution, having perished at Lyons in the Massacre of St. Bartholomew, in the year 1557."

It was first published in England in Day's *Psalter*, A. D., 1563. It is not found in any of the collections published by the great Reformer, and it is said, that to this day, the melody is but little known or used in the Lutheran Church. It was originally composed, and is to this day sung in the Reformed churches of France and Switzerland, not the 100th, but to the 134th Psalm.

THEATRICAL SUCCESS—MATILDA HERON.—Miss HERON has reached, at one bound, the topmost round in her profession. She has now been playing for some six weeks consecutively at Wallack's Theatre, New York, and the *Express*, of the 2d instant, says:

WALLACK'S.—The successful career of Miss Matilda Heron, at this house, has experienced no check—nay, no symptoms of a check, as yet—On Saturday evening the house was a *jam*, and to obtain a seat, or a standee even, on any terms, a quarter of an hour after the doors were opened, was a thing next to impossible. The play was Medea, again, and if the Manager is anxious to be on the popular side, it might as well be "Medea" again, again and again, for a month to come. The town, however, has not got rid of the "Camille" fever, and accordingly we have it repeated to-night. The "Medea" will be next in order, of course. If Miss Heron stays with us much longer, we expect to see the town divided into two great parties—the *Medeans* and the *Camilles*—one for the Greek, Euripides, the other for the Frenchman, Dumas, *fils*. It is not the play, nor the author, however, that brings these mighty crowds together—but the transcendent genius of the actress that breathes into the author's creations the breath of life, and endowing them with such a wonderful earnestness of human passion, as to confound for the moment the *romance* of the written play with the spoken and acted *reality* on the stage.

HE DIED AT HIS POST.—A sad, but beautiful and touching scene was witnessed at the accident at the Du Page Bridge. On the morning after the accident, the slow tolling of a bell was heard. On looking to see whence it came, it was discovered to proceed from the engine as it lay submerged in the water. The waves as they foamed and surged over the sunken engine swayed the bell, which alone with the smoke-pipe appeared above the water and caused it to give a low tolling sound. When the engine was raised from the water, the engineer was found in a standing posture, with his stiff, cold, icy hand firmly grasping the throttle valve, as though amid the thick darkness, he had discovered the perilous condition of the train, and had sprung to avert the ruin. But it was too late—the engine and train, with its precious freight of life and property, went down, and during the dreary night, the engine-bell and the mad-rushing waters rang out a solemn requiem for the dead.—*Joliet Democrat.*

By LaCrosse & Milwaukee R. R.—390 bbls flour, 11,303 bus wheat, 193 bus barley, 283 bus cranberries, 15,117 lbs sundries, 208 hides, 48 pelts, 4630 lbs pearls.

Watertown Division—91 bbls flour, 304 bus wheat, 45 sacks flour, 60 bus grass seed, 3128 lbs sundries.

Fair receipts of grain yesterday, and more animation in the market. Wheat was in good request at 93 cts for club in warehouse, and 94 to mill. We hear of an offer of 95 cts for a cargo of club wheat, free on board, but it was not taken. Oats and corn are in active demand at full rates. Pork very scarce and high, $10 per 100 lbs in the hog and $23 per bbl for city mess. We quote:

WHEAT—active, 91a94 for Club; 1,00a1,12½ for winter.
BARLEY—firm, 1,50a1.60.
RYE—steady, 70a73.
OATS—quick, 40a44.
CORN—in request, 50a53.
PORK—scarce, and 9.50a10,00 paid for good hogs.
POTATOES—50a68.
BUTTER—dull, 18a20c.
EGGS—15 cents.
Weather cold and clear yesterday.

Chicago Market.

CHICAGO, March 6.

Weather colder. The attendance at the Board of Trade is thus far spirited, though the present bareness of the market restrains operations. The only transactions we observed this morning was the sale of 1,000 bus of spring wheat in store at 93c. We hear of a contract for delivery in April, made yesterday at 94½c, half cash, but did not learn the particulars.

Corn is in request for distilling at better rates.

We learn no transactions yet for oats in store, and they sell to the city trade in small parcels at rates something higher than our quotations.

The provision market is increasingly firm. There is additional excitement in relation to pork, information having been received of entire destruction at several points from which supplies were expected. A prominent packing house yesterday *purchased* 130 bbls of mess at $22,00 and holds an order for 1,000 bbls of lard at 13c, which they have not been able to fill.—*Dem. Press.*

ANOTHER BANK IN TROUBLE.—The bills of the Hancock Bank, Ellsworth, Maine, have been thrown out by the Suffolk Bank, Boston, and are at a heavy discount in New York.

Miscellaneous.

THE ONLY MEDAL AWARDED
BY THE NEW YORK EXHIBITION to the English or Foreign Sauce Manufacturers has been obtained, amongst numerous competitors, by LEA & PERRINS, for their
Worcestershire Sauce,

Whereby further testimony is afforded of its being the best Sauce extant.

The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged.

In the United States it is held to be the most agreeable condiment, and is esteemed for its tonic and invigorating properties, its habitual use enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman who writes to LEA & PERRINS thus:—"I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal. I can with truth say there is nothing in a traveller's baggage so essential to his comfort, at least in these countries, as your Sauce."

In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms:—"Tell Lea & Perrins that their sauce is highly approved in India, and that it is in my opinion the most palatable as well as the most wholesome sauce made."

This Sauce is suitable for every variety of dish, and the universal demand which its excellence has created, has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.

POLICE COURT, MARCH 6.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Henry Wood, drunk, fined $1.

CIRCUIT COURT, MAR. 6.

HON. A. W. RANDALL PRESIDING.

A boy named Henry Rohde was convicted of stealing a $1 bill from the till of a butcher's shop. Sentence was deferred.

Henry Wright, after the Jury had been out about three hours, was found guilty of stealing from Cummings & Goodrich, in their office, several brass faucets. He was sentenced to 1 year and 10 months imprisonment in the State Prison—the last 2 days to be of solitary confinement.

Tilmann, convicted the night previous of stealing three loads of wood from the land of a man named Swain, was sentenced to pay a fine of $20 and costs—the whole amounting to $67 58.

In the case of the State vs James H. Woolsey, the Grand Jury found no bill of indictment, and defendant was discharged.

Joel Soper, on a charge of larceny from a person, indicted at the present term, was brought up for trial as we left the Court.

We understood the Judge to say that the Petit Jury would probably be discharged next Saturday.

The offence for which this man was indicted, was the stealing from the person of Joseph Lossel one Port Monnaie worth 50 cents, and one Pocketbook, of the value of 50 cents. Soper was found guilty and sentenced to the State Prison for 3 years.

Previous to his sentence, in answer to the Judge as to whether he had anything to say why sentence should not be passed upon him, the prisoner stated that he was innocent, that the officers had put the property upon his person in order to have him convicted, and that they had refused to permit him to get counsel, and had treated him cruelly.

This is the second time Soper has been charged with larceny in this city.

We understand the case of the State vs. Higgins, charged with aiding and abetting in the murder of Margaret Higgins, will be brought on this morning for trial.

KILLED BY THE FALLING OF A BANK OF EARTH.—A man named JOHN HOWES, a native of Duston, Northamptonshire, England, was instantly killed, yesterday afternoon, by the caving of a bank of earth, on or near the site of the old Light House, at the head of Wisconsin street.

The deceased was in the employ of Mr. GEE, the grader, and had driven his team under the overhanging earth and stopped the horses, and was standing on the bottom boards of the waggon when he was apprised of his dangerous position, and had been ordered before not to drive here. He replied that he "would look out next time."—The earth fell, and crushing his head against one of the hind wheels of the wagon, completely cutting off all below his right eye, leaving him a hideous looking corpse.

He was dug out as soon as possible, and conveyed to the premises of Mr. GEE. The hind part of the wagon was smashed to pieces, and the axle broken in several places.

Howes came to this country last fall, was 58 years of age, and leaves a wife and 4 children, who reside 2 miles from the city of Northampton, England.

☞ MR. PEABODY, the Banker, donated $300,000 for the establishment of an institution in Baltimore, to embrace a Free Library, a Musical Academy and Picture Gallery. The donation is to be increased hereafter to the sum of $500,000.

A MUNIFICENT DONATION.—Mr. CHARLES HENRY, of Burlington, Iowa, has donated $15,000 for establishing and endowing a School in the Iowa College similar to the "Lawrence Scientific School in Howard University." The first professorship to be established is that of Civil Engineering and Scientific Mechanics."

Query—When shall we be able to announce donations similar to to the above, made for the benefit of our own beautiful city of Milwaukee?

BOARD OF TRADE—'CHANGE HOURS.—Our Board of Trade have fixed the regular 'Change hour at from 12 to 1 o'clock daily—place of meeting, their new room, basement of the Newhall House. It would add very much to the interest and value of these daily meetings, if our Forwarders, Produce Dealers, Bankers, Merchants and business men generally would *make it a point to "drop in,"* every day, if it were only for a few minutes. Much valuable time would be saved, many purchases, or sales effected, acquaintances and friendships formed; news told; improvements talked over; enterprises started, and a vast deal of good accomplished in every way, by these informal gatherings every day at our Board of Trade rooms.

MESSRS. SPENCE & SCHNEIDER.—We have to say that we have the identical copy of the letter of these gentlemen to the democratic papers; in which they say they had been induced to sign a call for a caucus through misapprehension and misrepresentation," and that their statement that the words quoted were subsequently inserted, is entirely untrue. Those words could not have been subsequently introduced into the letter without showing some sign that they were so introduced, and the letter itself shows plainly that they were part and parcel of it when drawn up.—*News* yesterday.

The original in question was exhibited to us by Mr. SPENCE, and we are bound to say, that it confirms the above statement of the *News*.

VALENTINE EXPRESS FREIGHT CO.—This is a new Express Co., just formed, to transport goods with despatch from New York, Boston and Philadelphia to the Western cities. They have cars and agents of their own on all the Rail Road routes, and contract to deliver freight at the stores of merchants. They expect to bring goods through from New York to this city, in five, or six days. Mr. H. O. WILSON, Ticket Agent for the New York and Erie Rail Road, is also Agent for the Express Freight Line. His office is now on East Water Street, adjoining the Walker House, but after the 1st of May, will be removed to the rooms now occupied by the Bank of Commerce.

FIRST WARD ALDERMAN.—Mr W. LAIDLAW offers his services to the Democratic electors of the First Ward, as a candidate for Alderman for 2 years, at the approaching Charter Election. Mr. LAIDLAW is a good citizen, a "regular democrat," and would, no doubt, make a respectable Alderman. But he "can't come in;" the First Ward belongs to Ald. HADLEY, who had it made and named for his special use and benefit, and denies the right of any other person to interfere in the premises.

NEW BUILDING MARBLE.—There were exhibited at the Board of Trade Rooms, yesterday, samples of a very handsome marble, quarried near Grand Rapids, Michigan. It is of a fine grain, handsome color and takes a high polish. The quarry is a very extensive one and the proprietors, Messrs. Hovey & Co., inform us that they can deliver the marble here, sawed in square blocks, at 50 cents per superficial foot—about half the cost of the Athens stone. Samples of this Michigan Marble may be seen at the office of Boyington & Mix, Architects, Ludington's Bl ck.

ILLUSTRATED GUIDE, OR HAND BOOK OF TRAVEL.—The APPLETONS, 346, 348 Broadway, N. Y. have in preparation and will publish, about the first of June next, a large and elegant duodecimo volume, of several hundred pages in double text, profusely illustrated with maps and plans of cities and railroad routes, as well as views of scenery, and giving full and accurate descriptions of all the various modes and routes of travel in the United States and the British Provinces. It cannot fail to be a very popular and useful work.

HANDSOME FURNITURE.—If any of our readers in city or country are in want of setts, large or small, or single pieces of the handsomest and best made furniture to be found in the West, let them give Messrs. NOTEL, FLEISCHER & Co., a call at the Premium Furniture Establishment, 218, 220 East Water Street, nearly opposite the *Sentinel* Office.

SCHOOL EXHIBITION.—The scholars of the First Ward Public School, will give their Sixth Annual Exhibition at Young's Hall, on Wednesday evening, 11th inst.—This has always been an interesting entertainment, and the teachers and scholars have spared no pains to make this a more than usually attractive one.

LOTS IN PERKINS' ADDITION.—The very desirable property in the Sixth Ward, known as Perkins' Addition, has been divided into lots and is offered for sale on favorable terms. See advertisement of Mr. J. S. FILLMORE in this morning's paper.

WARD MEETING.—"Many Citizens" invite a general meeting of the electors of the First Ward, at the Saloon of Franz Kasper, Market Street, at 5 o'clock Monday evening to talk over Ward matters.

HERRICK'S MAGIC PILLS.—Thousands of both sexes, whose nervous systems were utterly prostrate, some of whom were bed-ridden, and others merely tottering over the earth's surface, apparently broken in constitution and on the high road to the grave, have been restored by the judicious use of these remarkable Pills, to robust health and enjoyment. Herrick's Pills are sold in family boxes, with full directions, for 25c. All the dealers keep them.

Rice & Stevenson, No. 83 East Water St., Wholesale Agents, who will supply the trade at Proprietor's prices.

To the Creditors of the

GERMANIA BANK.

EIGHTEEN MONTHS having already passed since the first payment of the indebtedness of the Germania Bank was made, and it appearing to us that the affairs of said Bank designedly are left in a sleeping and dying condition, we, the undersigned, creditors of the same, deem it our imperative duty to protect our property, and to energetically use all honorable means to further the final settlement of its affairs.

L. W. A. JACOBI, one of the undersigned, lately investigated the condition of said Bank, and thereby was convinced that there is not only cash enough on hand to pay a respectable dividend immediately, but also that its affairs, if conducted honestly and industriously, can be brought to a speedy and very satisfactory close.

We, therefore, invite all creditors of the Germania Bank to meet on Monday, the 16th inst., at Mr. Bechtel's Mansion House, corner of third and Chesnut Streets, Second Ward, for the purpose of consulting and taking the proper steps to accomplish this object. We also request said creditors to provide themselves with their certificates of deposit, or other papers by which they can prove to be creditors of the Germania Bank, it being desirable that only such creditors may attend said meeting. The absentees will have to submit to the resolves of those present.

SELDOM IS THERE SUCH a chance for one to clothe themselves at such a reduced price as goods are now selling at the City Auction Room.

FRIENDS AND FELLOW CITIZENS!

It behoves me, as an old settler and one who feels deeply for you all, to notify you that a Clothing Society has sent out from New York City thirty-five thousand dollars worth of ready made clothing, made up in the very best of style, and ordered to be sold at Auction for whatever they will bring. The Society have elected me as their Auctioneer. I am selling an immense quantity of clothing every day and every evening for half price. I am very sorry that this Society has sent the goods here, for it interferes with the general trade, but still I am bound to do my best for everybody, and I must and will obey orders if it breaks owners. In all this advertisement there is no hoax. Any gentleman that wants to be fitted out compl te at half price can be accommodated at the City Auction Room. The goods are all of the very best material and of the latest style. I know my friends and fellow citizens in the clothing line will feel hard towards me. I cannot help it, I feel bad towards them. The goods have been sent to me and sell them I must.—This great sale will continue from day to day and evening to evening for thirty days, after that time whatever goods is left will be handed over to the Kansas Society, with instructions to pay over whatever they will bring.

PINNEY YOUNGS' PATENT SAWING MACHINES.

PATENTED JANUARY 30, 1855—REISSUED OCT. 9, 1855.

THIS IS TO CERTIFY, That we purchased the first Sliding Mill built by Pinney Youngs, of Milwaukee, and that we have run the same Machine at our Mills at Bay de Noque, (Mich.) the past two years, and that it has exceeded our expectations. We have no hesitation in saying that it will cut Two Thousand Feet, superficial measure, per hour, and upon a trial of twelve hours we cut 22,184 feet, superficial measure, of Flooring and Siding.

N. LUDINGTON & CO.

Milwaukee, Sept. 18th, 1856.

This is to Certify, That we have used one of Pinney Youngs' Patent Sawing Machines, or Sliding Mills, for about one year, and find it the most perfect Machine we have ever seen. It is easily kept in order. We have expended but a shilling for repairs on it as yet.

We have never seen any Machine of the kind that will in any way compare with this. It will cut nearly or quite double the amount of lumber in the same time of any other mill we have ever examined.

The man that runs it has offered to bet one thousand dollars he could saw in this Sliding Mill Fifty Thousand Feet of Lumber within twenty-four hours—

The lumber sawed in this mill is of uniformly even thickness, which is not the case with any other we have seen.

We really would not exchange our Machine for any other ten machines of any other Patent we ever saw, for our own use.

BRAND & CO.

Algoma, August 30th, 1856.

CHICAGO, August 16th, 1856.

MESSRS. PINNEY YOUNGS & CO.:

Gents—We have in use, in our mill at Peninsula, Green Bay, two of your Sliding Machines, and find them to answer our expectations in all respects. We prefer them to any we have ever used, or of which we have any knowledge. From the report of our Superintendent, we learn that one of your Machines cut during the week ending July 19th, 135,538 feet of lumber—mostly fencing and flooring—being about 26,000 feet every twenty-four hours. For rapidity and smoothness of sawing, as well as durability of construction, we think it cannot be equalled by any other Machine now in use.

Yours, truly,
F. B. GARDNER & CO.

Notice Extraordinary!

WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., is in full and successful operation, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. Pierce & Co. had failed—that no more R. W. Pierce's matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is, that the public should be set right in the matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $10,0, in 1844, to more than $50,000, in 1856.

All orders for matches promptly filled.

WASHINGTON, March 6.

SENATE—EXTRA SESSION.—Seward presented a petition of certain British subjects, setting forth that Lord Palmerston's act in surrendering the maritime right of that government is an act of high treason. These rights will revert to the British crown and nation as soon as the guilty party shall be impeached for that crime. That the petitioners have heard that the President of the United States, is about proposing terms on which the declaration at Paris will be agreed to by the U. S. That such act would be a connivance with Lord Palmerston, in his attempt to possess himself of an arbitrary power, foreign to the British constitution, and the constitution of the U. S. They pray Congress to refuse to sanction any convention with Great Britain, founded on the illegal, treasonable and invalid declaration at Paris.

On motion of Seward it was laid on the table.

Mr. Bigler presented a protest of 44 members of the House of Representatives, and of 15 members of the Senate, from Pennsylvania, against the proceedings under which Simon Cameron claims to represent that State in the U. S. Senate.

Mr. Yulee presented the credentials of Mr. Mallory, re-elected Senator from Florida, for six years, from 4th of March.

Mr. Mason was appointed to fill the vacancy in the Board of Regents of the Smithsonian Institute.

The Senate then went into executive session, and soon after adjourned till Monday.

The opinion of the Supreme Court in the Dred Scott case was delivered to-day by Chief Justice Taney. It was a full and elaborate statement of the views of the Court. They have decided the following are important points.

First. That negroes, whether slaves or free, that is, men of the African race—are not citizens of the United States, by the Constitution.

Second. That the ordinance of 1787 had no independent constitutional force or legal effect subsequently to the adoption of the Constitution, and could not operate of itself to confer freedom or citizenship within the Northwest Territory on negroes not citizens by the Constitution.

Third. That the provision of the act of 1820, commonly called the Missouri compromise, in so far as it undertook to exclude negro slavery from, and communicate freedom and citizenship to negroes in the northern part of the Louisiana cession, was a Legislative act exceeding the powers of Congress, and void, and of no legal effect.

So that end, it deciding these main points the Supreme Court determined the following incidental points:

1st—The expression Territory, and other property of the Union, in the Constitution, applies in terms only to such Territory as the Union possessed at the time of the adoption of the Constitution.

2nd—The rights of citizens of the U. S. emigrating to any Federal Territory, and the power of the federal government there depends on the general provisions of the Constitution which defines in this, as in all other respects, the power of Congress.

3d—As Congress does not possess power itself to make an enactment relative to person or property of citizens of the U. S., in Federal Territory, other than such as the Constitution confers, so it cannot Constitutionally delegate any such powers to a Territorial government organized by it under the Constitution.

4th—The legal condition of a slave in the State of Missouri, is not affected by temporary sojourn of such slave in any other State, but on his return his condition still depends on the laws of Missouri. As the plaintiff was not a citizen of Mo., and, therefore, could not sue in the courts of the U. S., the suit must be dismissed for want of jurisdiction. The delivery of this opinion occupied about three hours, and it was listened to with profound attention by a crowded court room. Among the auditors were many gents of eminent legal ability, and a due proportion of ladies.

Justice Nelson stated the merits of the case. The question being whether or not the removal of Scott from Missouri, with his master, to Illinois, with a view of temporary residence, worked his emancipation. He maintained that the question depended wholly on the laws of Missouri, and for that reason the judgment of the Court below should be affirmed.

Justice Catron believed the Supreme Court has jurisdiction to decide the merits of the case. He argued that Congress could not do directly what it could not do indirectly; if it could exclude one species of property, it could another. With regard to the territories ceded, Congress could govern them with the restriction of the States. The Missouri act of 1820 violated the leading features of the constitution. It was therefore void. He concurred with his brother Judge, that Scott is a slave and was so when the suit was brought. Several of the other Judges are to deliver their views to-morrow,

CHICAGO, March 6th.

Great preparations are being made for a public demonstration at the funeral to-day, of Geo. Seiffert, a German Republican, killed in the 10th ward, on election day, during a fight between the Irish and Germans.

2d Despatch.—Notwithstanding the heavy snow storm, the number of people in attendance at the funeral of Geo. Seiffert is estimated at 10,000.

The following is Mr. Buchanan's Cabinet as confirmed by the Senate to-day:

Sec'y of State, Lewis Cass; Sec'y of Treas. Hon. Howell Cobb; Sec'y of War, Jno. B. Floyd; Sec'y of Navy, Hon. Isaac Toucey; Sec'y of Interior, Hon. Jacob Thompson; Att'y Gen'l, Judge Black, of Penn; P. M. General, Hon. A. Brown of Tenn.

New York, March 6.

Chas. C. Conor, of N. Y. has declined Mr. Buchanan's offer of U. S. Attorney Generalship.

THREE P. M. REPORT.

NEW YORK, March 7,

The Persia arrived at 1 P. M. with Liverpool dates to 21st of February.

The Arago arrived at Southampton on the morning of the 20th.

The news by the Persia has several features of interest. D. Israeli, in Parliament, was to attempt, on the night of Friday the 20th, to overthrow the ministry by moving an amendment to the financial budget, D. Israeli proposing that the estimate should be adjusted over a period of the next three years, so as to allow a total repeal of the income tax.

LIVERPOOL MARKETS PER PERSIA.—The following is from the circular of Richardson & Co.:

The arrival of breadstuffs during the week has been light, from abroad. At to-day's market there were but few buyers from a distance, and a moderate business was done in wheat, without change in prices.

Flour was unsaleable at auction after the market; extra Ohio flour and extra America, was sold 3sda3s2d. A great proportion of the wheat offered had to be withdrawn for the want of buyers; for a beautiful lot of extra state mills 28s was the highest demanded, but it was withdrawn for 31s per bbl.

Indian Corn firm, at Wednesday's price; choice wheat was bought at 37s per retail.

We quote wheat, red, at 8sa8s9d, white, 9sa9s8d in retail. Choice red brings 8s9d; wheat 9s8da9s9d. Flour nominally, extra Ohio 31s6da42s6d; Wisconsin, 29sa31s3d; Indiana, common mixed 34s, yellow 35s, white 36s. Beef—the government sales continue, and attract the attention of dealers away from America. Pork slow of sale, old neglected for new American, 92s. Bacon—dried is not active, but prices are maintained. Lard in absence of arrivals, has further advanced, 71s6d having been paid on the spot. Some sales to arrive, 70s per 100. Consols closed at 91⅞a91⅜ for money. Breadstuffs dull.

The Russians are resuming the war in Circassia, and are reported to have received a large amount of territory from Persia. The London Morning Advertiser asserts that the Government is in possession of a despatch announcing the total destruction of Canton by the British. Jno. Arrowsmith publishes another letter re affirming his Georgia R. R. and Revolver story.

The Persia brings a large number of passengers; amongst them, Lord Napier, the new British Minister to Washington—lady and family.

Lord Elesmere died on the 18th instant, in London.

A dreadful colliery explosion took place in York-shire; 150 persons were killed.

The Persian difficulty, which always has appeared in a fair way of settlement, has taken an expected turn. Freouk Kohn, Persian Envoy, having suddenly ceased negotiations with the British Minister at Paris, and will not come to London.

The French government have instructed their representatives at London, Vienna, St. Petersburg and Berlin, to invite the powers to accredit their resident ministers at Paris, plenipotentiaries to settle the Neufchatel affair. The conference will meet early in March. But it is feared that it will be protracted and difficult of adjustment. There is nothing nearer towards a settlement of the Danubian principalities. Nothing new from Italy.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books; besides explaining many original plans for economising labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great leads and ramifications of mercantile routine, to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

LESSONS IN Foreign Languages.

MR. AND MRS. L. S. B. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in The French, Italian and Spanish languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8 for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, in the evening, as also lessons in Fencing from 7 to 10 o'clock, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

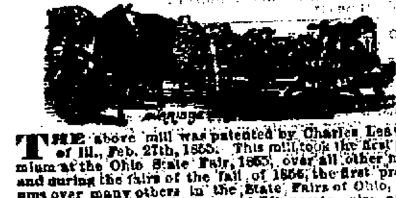
Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.



THE above mill was patented by Charles Leavett, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855-56, 2500 were made and sold in Ohio, at Zanesville, by Douglas Smith & Co., Hall & Allen of Mansfield, Eldridge & Fancener of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call, and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

For sale by W. HARROLD SMITH.

WOULD SUGGEST to the Trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of

READY MADE CLOTHING.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same size breast being varied to suit different proportions of the same measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of readily suiting patrons from that fact, it is presumed, has been very generally realized. In a word, strict attention is directed in a determination to render our garments equal in every respect to the best custom work. feb6-8mVO&CO

E. & J. HOLMES' IMPROVED SEAMLESS WHALEBONE SKIRTS.

WE take pleasure in again introducing our improved Seamless Skirt, as being the most acceptable article in market; we are aware that many new styles called improvements are before the public, such as India Rubber, Gutta Percha, Rattan, &c., all of which we have if called for—but cannot recommend them, as we have experimented with and tested them all—(most of them two years since) submitting them to the judgment of competent ladies to decide upon their merits, and have found them from actual use, to be in all important respects, inferior to our properly prepared Whalebone which has been in use the past years, and for which has been expressed from all parts of the country entire satisfaction; and we have the more positive evidence from our own large retail trade, amounting to many dozens per day. Therefore we confidently recommend our Skirts to be the least objectionable of anything in use; possessing many advantages *found in no other Skirt*, the most important of which is *our series of elastic cords* at the bottom, made from the only material that can be used, that will recover its place when pressed out of shape, will not roll nor curl, is not affected by heat or cold and can be washed without injury. These cords at the bottom, instead of bones, which are exceedingly awkward and inconvenient, with our own prepared bones above and a fabric manufactured by ourselves expressly for our goods, in our estimation and the estimation of thousands who have used them, pronounce a Skirt, and the only skirt equally adapted to the parlor, the street, and the crowd, giving a proper, graceful and elegant form to a Ladies' dress, light, pliable, easily adjusted and in every respect a complete article. The public are cautioned against all imitations or other goods called Seamless Skirts. Every genuine article is stamped E. & J. Holmes' Improved Seamless Whalebone Skirt, and are for sale at 99 Market street, Philadelphia, and in the principal Jobbing Houses in New York and Boston. E. & J. HOLMES & CO.

HEALTHY BREAD!

MADE WITH
JAS. PYLE'S DIETETIC SALERATUS.

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands not aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other states, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.

☞ It is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., C. A. Folsom, Chapin & Gregg, Milwaukee; Elbridge, Shoemaker & Co., Madison. E. H. Jones & Bro., Fond du Lac, Wis; A. Gross & Coss, Chicago. JAMES PYLE,

MEDICAL.

R. R. R.

THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possess special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to a healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventive for *Fever and Ague, Scarlet Fever, Smallpox, Croup, Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's Ready Relief will stop, and no system so crippled with infirmities but that the R. R. R. Remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or distress at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.

One or two doses of Radway's Regulators will entire remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart*. Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulate* the bowels, by which all diseased and injurious matter is purged from *the body*, but they control the whole system, and *force* each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes Tumors, Fever Sores, Skin Eruptions, Blotches Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis Consumption, Apoplexy, &c., and all constitutional and chronic diseases, either inherited by hereditary transmission, or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 193 East Thirty-Second st., had a bad cough for two years, she coughed up something like half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
